That's All Folks!

We have finally reached the year we have all been waiting for— 1999. This year represents the end of the old and the beginning of the new . We will end this year and wonder what our futures have in store for us. Have we reached the highest point of achievement that we are capable of reaching? Is there more in store for us? 1999 is not the end of all living things. It is simply representing the end of the 20th century. There is still so much more to look forward to. Technology has become so advanced that today's students are expected to go to college and succeed. And today's events and what we do is what makes our memories for tomorrow. So, go ahead, express yourself, show your talents, be proud of who you are and let yourself be known!

"Every new beginning comes from some other beginning's end."
— Semisonic, musical group.

"To be what we are, and to become what we are capable of becoming, is the only end in life."
— Robert Louis Stevenson

"Count your achievements at the end of everyday."
— Author unknown

Showing off Spirit

Students express their school pride and dedication during in and out of school activities.

Every year the senior class nominates one person to dedicate the yearbook to. However, this year we dare to be different. This year everyone is being recognized for their accomplishments, dedication, and pride in our school.

School spirit plays a key role in the involvement of school activities. Cheerleaders find it important to express their pride in all school athletics. All band members proudly display themselves when they are on the field competing. Athletes present their school spirit through performing at their highest potential during events. Even students who are not involved in extra-curricular activities have showed their spirit by attending these after school events. Teachers show their pride and dedication by preparing students for the fast paced world they will face after high school. Everyone of these people deserve to be recognized for their accomplishments. N.H.S. is definitely soaring with pride, dedication, and spirit!

Becky Bowser shows pride in raising her prize-winning sheep at the Garrett County Fair.

Proud to be part of the successful band, Arthur Winter, Crystal Cone, Julia Geisler, and Carrie Kelley await their awards after a competition.

Cheerleaders, Laramie Slawson, Jenny Geohringer, Kristin Wright, Kanya Knox, Amber Weimer, Brooke Butler, Moriah Geis, and Coty Warn show their undying dedication at a home football game.

Summer means "fun in the sun" to students at Northern High School. During the first days of the summer, lots of plans are made by students. Not only having a blast, many students spent their vacation performing in shows, attending camps, traveling to foreign countries helping others in need, vacationing in "paradise", and as a ritual, enjoying and participating in the Garrett County fair.

The first day of summer seems to be never-ending with many opportunities. It appears as if there is an endless amount of time to enjoy many activities that were planned all year. As summer goes on, many students get involved in performances, camps and other activities. Before students know it, "**That's All Folks**"... and summer is over.

Having a blast at yearbook camp at Seven Springs, Leigh Ann Schefft, Kara Gilpin, and Kelli Elliott enjoy their break time by going on the Alpine Slide.

ADVENTURE IN FAR AWAY LANDS.

This past summer, several NHS students got to visit unusual places. Kelly Carr and Malia Collins traveled to Hawaii, the tropical paradise of the United States. Outside of the U.S., Jennifer McDonnell visited Spain on an exchange program, and Amy Tressler may have had the most exciting trip of all. She went to Croatia, and Bosnia to spread her goodness on a missionary trip.

Amy traveled with a group of forty-eight people, who were leaders and missionaries. "We all decided to 'take the plunge' with Teen Mania Ministries based in Garden Valley, Texas where we all first met at the training facilities," Amy said. Meeting many people devoted to God's calling, she believed the trip changed her life. During her trip, the group would have quiet times for an hour every morning. They would also worship at least three days a week. Their main ministery tool was a musical drama; however, they also used alternative forms of ministery such as prayer walks and helpful services. They had many opportunities for personal evangelism and relationship-building. They gave people their friendship and were there for them to trust.

Amy is currently in preparation to take another trip with Teen Mania this summer. She is possibly going to Lebanon for a month, or two weeks in New Orleans, then two weeks in El Salvador. Amy Tressler was very much inspired by working with Teen Mania and is ready for her next adventure.

Having a blast at Waikiki Beach in Ohau, Malia Collins and Kelly Carr enjoy their summer vacation.

Fall. Summer is but a dim memory, and minds that were once concentrating on sleeping and partying are now pre-occupied with sports and band and academics. Fall was successful here at N.H.S. The band took first place in the state competition, beating the powerhouse Colonel Richardson by two tenths of a point. A.J. Thomas, a sophomore member of the golf team, also made it into state competition. The rest of the golf team achieved spectacular success, finishing the season with a 44 - 5 - 1 record! Girls' soccer started this year and attained a winning record. The football and volleyball team, comprised mostly of juniors and sophomores, reached respectable records. The soccer team gained a talented group of freshmen, but struggled through a tough season. All in all, fall was kind to N.H.S., but all good things must come to an end. The fall of '98 will long be remembered by faculty and students.

Homecoming 1998

Homecoming started this year with Spirit Week. This year Spirit Week consisted of Monday- Sports day, Tuesday- Camo day, Wednesday- Wacky day, Thursday- Twin day, and Friday- Blue & Gold day. Student participation this year was phenomenal! On Friday, the cheerleaders held a pep rally, and the King and Prince of Homecoming were crowned. The King was Craig Kamp, and the Prince, Mark Wolf. Friday evening, the excitement intensified. The Husky football team was leading the Indians and victory was in the air. At halftime, the court was presented. Freshmen were Brooke Butler and Coty Warn. Sophomores were Jenny Georinger and Kelly Carr. Juniors were Moriah Geis, Michelle Warnick and Katie Roberts. Seniors were Kanya Knox, Kristin Wright, Kerri Brantner, and Erica Kahl. The Queen Kanya Knox and the princess Michelle Warnick were crowned by Vice-Principal Gary Reichenbaker. The band also provided a half-time show. In the end, the Huskies fell to the Indians, but the fun had just begun! The annual Homecoming dance was held on Saturday from 8-11. The theme was "Show Me The Spirit." D.J. Johnny Rock played top 40 songs.

Amber Weimer, Moriah Geis, Cindy McKinzie, Malia Collins, Leigh Ann Schefft, Kristin Wright, and Kelly Carr show NHS just how "wacky" they can be.

Andria McRobie and Tawnya Wilkins were creative on twin day during Spirit Week.

QUOTABLE

"Being the 1998 Homecoming Queen was a great honor and a memory that I will cherish for a lifetime."

"At the dance, my date and I had a really good time together. I thought the decorations were great!"

"The game was exciting but I was nervous. There was so much to do throughout the whole week."

The Volleyball team only had five seniors this year. That is the kiss of death for most sports teams, but not for this team. The six juniors on the team stepped up their performance and became like six seniors. The team regularly played all eleven players, and that depth led to a successful year. The season reached an all time high when the girls defeated the favored Mt. Savage team on October 14. Lightning didn't strike twice, however, and the girls lost to Mt. Savage in the first round of the Playoffs. The season was still cosidered a success. Heidi Frazee spoke for the girls when she said " We put a lot of effort into this season. Even though we lost many seniors from last year, we did an exceptional job by ending the season 11- 6." The members of the 1998 Volleyball team did indeed earn respect for Northern High School.

Soccer Team

Strives for Success

According to Coach Ables, "This year I had one of the youngest most unexperienced teams yet. I didn't have any starters back from last year and only two seniors. Twelve out of the fourteen original varsity players earned a letter for the first time in their years at Northern."

"This year was a very nerve-racking and tiresome year for me. If I had to say something about this season, I would say that it was a tough and depressing year for the soccer team, but it was fun nonetheless," said Andy Fike looking back on the season.

Girls' Soccer kicks off with a bang!

This was the inagural season for Girls' Soccer at N.H.S. Composed mostly of freshmen, the girls fought to a 7- 6 - 1 record, and advanced to the second round of the playoffs. As the current freshmen on the team get older, the team will become more successful. As for what Coach Kane sees about the future of girls' soccer at N.H.S., "I am sure that with the talent these young girls possess and the expected growth in other areas, the program will continue to improve."

> " Next season we'll try harder and continue to have fun while we're doing it. "

Huskies Gain Experience

The 1998 Husky Football season started in mid - July, when players religously attended weightlifting. The goal: to have a winning season. After a summer of hardwork, the Huskies had a great first four games, starting out with a 3 - 1record (The only loss went to Tucker County, who later made it into the second round of the West Virginia playoffs.) Then, through a series of injuries, the team seemed to lose heart. They suffered a heartbreaking loss in the Homecoming game, and lost a close game at Petersburg on a disputed touchdown. In the end, the Huskies achieved a 4 - 5 record, but the Juniors and Sophomores that were on Varsity have earned experience, and their goal is set for next year — a winning record and a spot in the state playoffs.

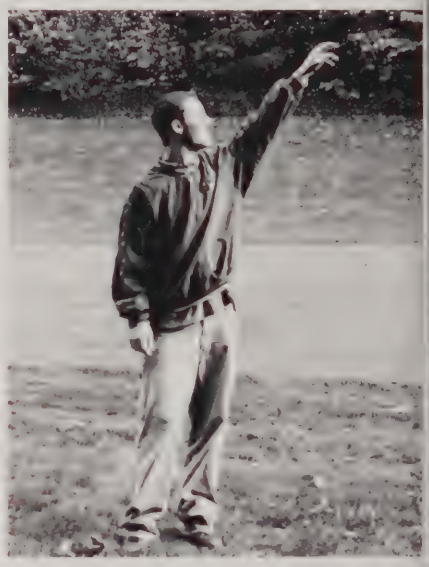
DRIVE FOR SHOW, AND PUTT FOR DOUGH

While waiting to hit, Ian Durney tests the wind direction.



In the third year of Northern High School Golf, the Huskies had their best year yet. The golf team putted their way to a 44-5-1 season and were composed of mostly seniors. The seniors that participated this season were Matt Settle, Ian Durney, Rob Taylor, John Legeer, Jon Garlitz, Ian Flockhart, and Ryan Butler. At the regional tournament, they placed 5th out of 20 teams. Sophomore A.J. Thomas shot a state qualifiying 83 at Black Rock Golf Course. He went on to the state tournament where he shot rounds of 86 and 89. They ended the year by helping Coach Speicher in his 103rd career win against Southern in the Garrett County Championship.

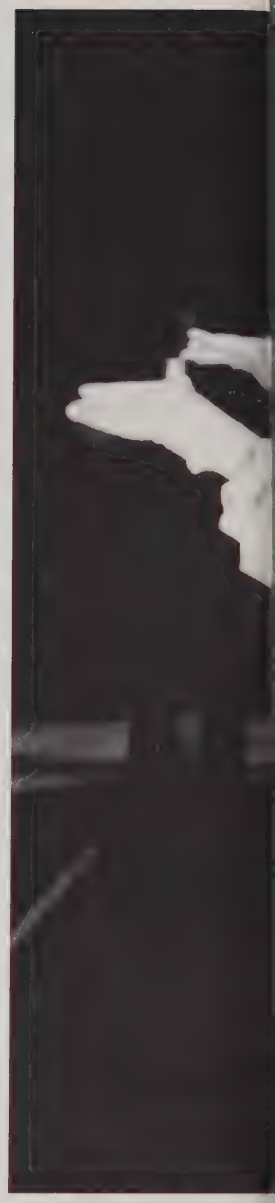
Husky Band Achievements

The year 1998 has been an incredibly rewarding and amazing year for the NHS marching band. The band has received numerous awards for their determination, talent, and skill. The band became a silver medalist at the Atlantic Coast Championships. They competed against twenty-five of the best bands on the Atlantic Coast in thirteen States. The Husky Band placed ninth with a score of 91.45. Along with this accomplishment, they also won the high-scoring woodwind award. This means in their group they are the top woodwinds on the East Coast. In the past ten years, the band had gone from a ranking of twenty-fifth to ninth place. Julia Geisler placed second for drum major as did the brass section. Other specialty awards for 1998 include the following: nine best music awards, ten best marching awards, six best drum major awards, two best band front, and three high percussion awards including Chapter 13 Champions and Maryland State Champions.



Brandi Yommer, Erin Neil, Megan Sisler, Jessica Reightler, and Carrie Kelly, the woodwind section, warm up their cold instruments.

To Infinity and Beyond! New horizons approach every student, teacher, and staff member in N.H.S. The millenium is coming with many outlooks to consider. Will the world end? Will Y2K take control of our computer superhighway? Will the first person be cloned? In the near future, will the world powers unite to form a world-wide alliance? Only time will bring the answers to these thought provoking questions. As for the local level — Will we get that auxilary gym we need? Will any of our athletes go to the state level and become champions? Students from Northern will step across the platform to reach for their diploma, and step into the twenty- first century saying, "That's All Folks!" to the twentieth century.

Everyday, students come through the doors of Northern High School ready to embark on a new journey of learning. (Some are more enthusiastic than others.) But still, we are here five days a week from 8:45 to 3:15. Seniors . . . take a good look around you ; hopefully you won't be here next year ! For the rest of you , prepare to enter the new millinieum when you return for the 1999 - 2000 school year. Come into your classes with a new attitude of excitement that you have never felt before because "That's all folks", the century as we know it will be over.

Northern High School requires that every student have four years of English. And for those students who have additional talents, they can express themselves by joining theater, for the dramatics; newspaper, for the journalistic types; and yearbook, for the graphic oriented. In Mrs. Derlan's theater class, students get to practice everything from acting in front of a group, to making props, to staging a scene. In newspaper, students get to learn the pace of the real world and meeting deadlines to get the papers shipped on time. In yearbook, the students capture the year as they also pace themselves to meet deadlines. All memories begin here!

Distance Learning and ECAP

The North Star staff felt that Kerry Ashby's experience as an ECAP student best described the program.

It was the last few months of my eleventh grade year, but unlike many of my classmates, I was filling out application upon application to be considered for college. With only a few credits needed for graduation, I decided to enter the early college admissions program, attend GCC, and get college credits and the remainder of my high school credits at the same time.

I got accepted, and when I left school on the last day of eleventh grade, I knew my high school days were over. I was nervous about going to college, but I knew I had classes with other students from Northern including Kristin Hitchins, Jesse Shimrock, Art Winter, and Julia Geisler.

Once school actually started, I realized that there was nothing to worry about. The students and teachers were very nice, and I was getting better grades in my classes than the other college students. I ended my first semester with a 3.7 GPA and got to enjoy a long Christmas break.

Although the classes take more time and studying, the atmosphere is more laid back. You can eat, chew gum, and drink in every class. If class ends early, or is canceled, you simply go home. The ECAP students also enjoy longer breaks and never have classes on Friday.

By taking ECAP, I got to put myself a year ahead of my classmates. The experience has been very exciting. I've learned a lot and introduced myself to the college scene in an unobtrusive way. Sure ECAP is a lot of responsibility, but I wouldn't come back to high school for the world.

"I am very glad that I took Distance Learning because it gave me a head start on college and the credits were a lot cheaper than if I were to take the classes in college." -*Katie Sisler*

Distance Learning students take college English and math in the morning and two other classes, sociology and world civilization, in the afternoon. By taking these classes, they receive college credit while remaining on the Northern campus and enjoying their senior year. The credits they earn can be transferred to any college in Maryland or other participating colleges.

"I feel this was a valuable step toward furthering my educational future."- *Amanda Downton*

Winter: The Season of Champions. The students were treated with a few days off and a handful of delays. The snow had come and gone, and both the wrestling and basketball teams had high hopes going into their seasons. The wrestling team went undefeated during the regular season. During the first match of the regional tournament, Northern beat Williamsport 44-21. Northern went on to top North Hagerstown 34-27 to become the regional champs. At states, Jesse Shimrock and Brandon Stein were unstoppable as both brought home state titles. The basketball team had a pair of big men, Dustin Long and Rob Dozier, and was a force to be reckoned with in the region. Dustin broke the 1,000 point mark during a win over Turkeyfoot. In the first round of the regional playoffs, the team lost to the juggernaut of South Hagerstown. The Huskies ended with a respectable 14-9 record. The girls' team, despite being dominated by underclassmen, had a winning season.

This winter was the season of champions at N.H.S. Northern athletes stood out amongst their competition.

Basketball team aims high!

This year the boys' basketball team started the season with a win over Mt. Savage and followed it up with another over Westmar. After losing to Allegany, the team then won 8 of their next 11 games before going on a three game losing streak. Next, the team fought back from behind to win in over-time against both Westmar and Turkeyfoot to improve their record to 12 - 7. Then the team beat the Bishop Walsh team that topped them earlier in the season. They ended the regular season with a win over Beall and a disapointing loss to Ft. Hill. In the first round of the regional playoffs, the team was defeated by a state finalist team from South Hagerstown. "Throughout the season, the team played with a lot of heart and had a lot of fun", said Greg Speicher looking back. The team ended with a 14 - 9 record.

Girl Power

This year was an up and down year for the Lady Huskies. They only had one senior, Jackie Brenneman. Junior leadership was a major part of this year's team. The season started out with an upset over local powerhouse Ft. Hill. They followed that win up with a disheartening seven game losing streak, then regained their composure and won eight of the next ten games. They ended the regular season by winning two of their last four games. The team roared into the post season, defeating South Hagerstown and Beall before falling to Smithsburg. The season was summed up best by Jennifer Murray, "We had a good season, despite the fact that we had only one senior."

UNDEFEATED

AGAIN

They did it again!! For the second year in a row, the Huskies fought through the regular season without losing. They advanced into the playoffs, winning the regional championships. They lost a hard fought match to Overlea, but went on to win second place in the team state finals. Along the way the individual Husky wrestlers reached some milestones. Jesse Shimrock won the state championship in the 140 pound weight class, broke the all-time Husky win record with 110 career wins, and became the first Husky to go through a season without losing a match. Brandon Stein was also a state champion, winning the 125 pound weight class.

In addition to our two champions, four other Husky wrestlers placed in the state finals. Blake Huber took second place in the 103 weight class, Matt Kauffman took third in the 160 weight class, Mark Wolf took fifth place in the 152 weight class, and Paul Beitzel took sixth in the 130 weight class. In addition, the wrestlers did a great job at local tournaments. They took first place in four tournaments, and took eighth place at the Bedford tournament, which is one of the toughest tournaments in the Mid Atlantic region. Even though the wrestlers didn't win the team state title, they had a great season which will be remembered for many years to come.

SPIRITS

Unlike most other sports, cheerleading is almost a year-round event. The cheerleaders start in the summer by attending camp and continue into the school year cheering for two seasons and four sports. Along with practicing football, soccer, wrestling, and basketball cheers, the NHS cheerleaders worked on a seperate routine to take to several competitions.

Pictured above are the NHS cheerleaders. Kerri Brantner, Renae Sines, Kanya Knox, and Janelle Sines. Moriah Geis, Amber Weimer, Brooke Butler, Coty Warn, Jenny Geohringer, Kristin Wright, Dana Braskey, and Laramie Slawson.

This was the winning year for the cheerleaders. They took fourth at a tough competition at Cole Field House and first at another state-wide competition at Urbana High School. At Cole Field House Kerri Brantner, Jenny Geohringer, Kanya Knox, Moriah Geis, and Janelle Sines also competed in the partner stunt division. They were awesome!

Spring. This Spring has been a time for change here at Northern as well as for the nation as a whole. School shootings and warfare have dominated the news. In Littleton, Colorado two students entered their High School with automatic weapons and pipe bombs, killing thirteen, injuring over twenty, and changing the nation forever. In Kosovo, N.A.T.O. waged a bombing campaign against Yugoslavia in an attempt to put an end to ethnic cleansing.

Things have changed here at Northern as well. Mr. Green announced that this will be his last year as principal; he is taking a position at the Board of Education. Mrs. Yunker, a long time teacher here, announced that she will be retiring. Mrs. Watson, co-advisor for this yearbook, also announced that she will be leaving at the end of this year.

Throughout the turbulent Spring, Northern sports remained competitive. Both Track teams had respectable seasons, with two boys and five girls going to the state competition. The Baseball team finished the year with a .500 record. This year's team broke Northern's single season team home run record. The Softball team struggled through a tough season, but gained some experience and leadership for next season. Both Tennis teams had successful seasons. Overall, N.H.S. was proud of it's efforts in this year's Spring season.

GOING, GONE!

This season the Northern Huskies varsity baseball team went 10-10. The team started the season with a disappointing loss to Alco. They bounced back with a win over Westmar and then fell to Mt. Savage. The team then swept Hancock and went on to lose three in a row. The team then began a three game winning streak starting with a victory over Mapletown. After this, the team lost to Hancock and jumped back into a groove by going on another three game winning streak. The team then dropped three games and before winning two. The last game of the season, the team lost a disappointing game to Alco. In the region tournament, the team lost a close game to a good Clear Springs team.

Softball

This year the softball team ended the year with a 6 - 13 regular season record. The girls had a rough start. Losing their first game of the season to Alco and winning their next game to Mt. Savage. They went on to lose their next 8 games and then won 2 straight. The girls went into the Regional Tournament with high hopes and came out of the game with a victory over Clear Springs 10 - 8. This was only the second time the lady huskies have beaten Clear Springs in softball. The girls went on to lose a disappointing game to a good South Hagerstown team by the score of 9 - 7.

The softball team only had 5 seniors back from last year and had to fill the pitching and catching positions.

There's a New Top Dog

This year the boy's track team had a new look. Long-time Coach Perfetti retired from coaching the track team, and a new coach stepped in to take his place. Coach Ron Opel, known by his athletes as "Opie", took control of the team, never before coaching track. Learning as the season went along, and with the help of assistant coach Frank Ewing, Coach Opel became an experienced, die-hard track coach by the end of the season. Coach Opel led his team to victory in one track meet, and his team finished respectably in every meet that they participated in. Senior Craig Kamp was the standout of the team, taking second place in the state competition at the triple jump. Sophomore Andy Bowser also made it to the state competition, taking second in his heat in the 300 meter hurdles.

> " I learned a lot about track and coaching this year. I had some fun and gained some valuable experience. I am looking forward to next year's season." Coach Opel

The girl's team was led by second year coach Paul Edwards. The girl's team was also very successful, scoring in the top third of every meet. The girl's 800 meter relay team, composed of Kristin Lander, Heidi Pierce, Jenny Goehringer, and Ashley Warnick made it to the state competiton. Trista Smith placed sixth in the state at discus, along the way setting the girl's record.

Husky Tennis

This year was a year of growth for the tennis team. Seasoned veterans from last year, David Butler and Joe Weimer, were lost to graduation. This year's team was comprised mostly of rookies, many of whom had never picked up a tennis racket before. However, these new players were eager to learn, and as the year progressed they got steadily better. The team was led by first seed and M.V.P. Adam Weimer, who has played tennis since his freshman year. Second seed Ian Durney also provided leadership, with his wins allowing the Huskies in 3 matches.

TENNIS

The girls' tennis team had a respectable season this year ending with a 7-6 victory. Their wins included two victories over Frankfort, Southern, and Beall. With a great team effort, the girls defeated Allegany as they met at home for the second time. The annual sports banquet was held where awards were given out to the team. Senior awards went to Kristin Wright, Dana Braskey, Tawnya Wilkens, Amanda Downton, Katie Sisler, and Deanne Meyers. The M.V.P. award was presented to Kristin Wright and Best Record went to Dana Braskey.

Graduation 1999

That's All Folks

This year's graduation was an exhausting day, both physically and emotionally. The ceremony lasted for an hour and a half, with the temperature hovering right around 90 degrees. It was so hot that some people couldn't take it, some were passing out during the speeches. Mr.Green said goodbye to the class of '99 and to N.H.S. The Valedictorian, Janelle Bender, and Salutatorian Josh Neubert, shared their wisdom and optimism with their fellow student, who are know setting out into the world to make their own destinies. Dana Brasky passed the senior torch to Crystal Colmer. Diplomas in hand, the class of '99 walked off the football field for the last time and faded into the memory of Northern High School.

This year has not only been known as an end of an era, but also the end of many Northern clubs. During this school year, there were only 14 active clubs; FFA, Student Council, Letterman, Girls' Varsity, Theater, Video Yearbook, EMS, Envirothon, Yearbook, Peer Counseling, Northern Students for Christ, VICA, National Honor Society, and Mock Trial. All the students who did not enjoy being part of a club spent club period in their 7th period class.

Even though there was only limited club participation, each club made its presence known. Northern's VICA chapter was very successful this year at state competition, bringing home several awards. The FFA has also been very active in soil and crop judging. One of the busiest clubs this year was the Students for Christ Club which hosted Hope '99, several gym nights, and attended Acquire the Fire.

Looking back, this has been a very memorable year for all of Northern's clubs.

EMS Club

The members of the EMS club have been busy learning CPR and blood taking techniques, with the help of Mr. Reilly. Three of the students are taking EMT-B class at Garrett Community College. Other students run with their local squads which consists of station one, Grantsville, station two, Accident, and station three, Friendsville.

Envirothon Club

The goal of the Envirothon Club is to increase students' knowledge of the renewable and nonrenewable natural resources. For the success of the club, the members learn basic concepts about wildlife, forestry, soils, aquatics, and environmental issues. Because of Ms. McDowell, the club leader, the Environthon Club has been involved in different activities such as participation in North America's largest high school environmental competition.

Students for Christ Club

The Students for Christ Club has done many things over the year. They have adopted a highway, helped with the tornado victims, and attended the Hope '99 Youth Rally. The club held a gym night every Monday at the middle school. The students attended the Acquire the Fire three different times. Mr. Brobst hopes that the club will provide an atomosphere for students to learn and grow in their relationship with God. The club is one of the school's largest organizations and hopes to reach a more diverse group of students in the future.

VICA

VICA is a vocational, health occupations and program that is nationwide and has been a club at NHS for nine years. VICA is proud to be one of the largest clubs in the high school. They have competed on the state, regional, national and inter-national levels. They have always placed extremely well in states and take ten percent to twenty percent of the medals back home to NHS. VICA is part of NHS curriculum to help supplement students' understanding of the world of work. The club also helps prepare students in their social skills and ethical areas. This is a training program that students can get involved with which allows them to be well-prepared for employment. In this year's competitions, VICA had three first place winners, one second place winner, and two third place winners.

Lettermen's Club

The Lettermen's Club consisted of sixteen members with seven of them being initiated this year. For their initiation, they had to dress up for a week. Then on Friday of initiation week, they held their annual Faculty vs. Letterman basketball game. Through this, they raised three hundred dollars for the House of Hope. They also held the Snowball Dance in hope to raise funds for the House of Hope and to help buy their jackets. Coach Carr hoped that the club would create a fraternity among the male athletes and raise enough money to help the community. They are planning to give a donation to the weight room for new equipment. The Lettermen's Club is not just about the people in the club, but those in the community.

Girls' Varsity Club

The Girls' Varsity Club has been very active this year. Recently, the club participated in the Adopt-a-Highway program. Through this activity, the members feel that they can contribute to the community by helping clean up the roadsides. Helping the community is one aspect of the club that the members really enjoy and will help them prepare for the future. Each holiday, the club has a special celebration whether making baskets for Easter or going to lunch at Uno's. At Christmas time, they exchange gifts, and on Valentine's Day, they exchange cards. As with any other club, fundraising is essential. This year the Varsity Club held fundraisers in order to purchase their jackets. The Varsity Club, like other clubs, felt the crunch for time this year since club period was reduced to once a month; however, just like in the past, this club found time to help the community and the school.

FFA

Future Farmers of Amercia was involved in many activities throughout the school year. They went to state competitions, including crop judging, agricultural mechanics, engine building, and welding. They also competed in soils judging, which is a regional competition. They attended the state FFA convention in Hagerstown. Throughout the school year, the club took field trips to College Park and its greenhouse. Most of the students involved in FFA at NHS are also involved in 4-H or raise animals for the fair.

Brian Spiker irrigates the flower that will be sold in the annual FFA flower sale.

Student Council

The NHS student council was very active this year in trying to do better for the good of the student body. Mrs. Harman the advisor tried to hold a substantial amount of meetings during a month to sufficiently get things done. Some of the things that the council has done this year are things such as The Blood Mobile, getting the "ancient" pictures off of the wall of the cafetorium, and attending the GCASC meetings, and the MASC conventions. They also sponsored the annual honors banquet, which honors the students who have earned their way onto the distinguished honor role, as well as sponsoing the swing dance lessons for four weeks at the latter part of the 1998-1999 school year. These are but a few of the effective events that the student council participated in hear at NHS.

The Garrett County Association of Student Councils (GCASC) offers a unique way to advertise.

Peer Counselors

Northern High's Peer Helper Club consisted of students who were willing to listen and help their peers. These students must be trustworthy and understand their duties. At each meeting,they went over these duties which included mediations and creating bulletin boards. They also plan other worthwhile activities, such as D.A.R.E, Red Ribbon Week, and fundraisers for Make-A-Wish foundation. The peer helpers will continue to be here for students who need someone trustworthy to talk to.

Yearbook

For the NHS yearbook staff, the year was filled with challenges. Our job was to prepare a yearbook that accurately depicted the school year's events and the students of Northern High School. The yearbook staff was divided up into sections covering different aspects of NHS. They also worked to create page layouts and meet deadlines. The staff worked all year long to capture classroom pictures, sports events, assemblies, clubs, and to make the spreads which hold the pictures and articles for the yearbook.

The staff learned responsibility as they went in and around Garret County collecting ads. "Selling ads allowed us to get in touch with the business leaders of our community," Dan Rounds said.

Mrs. Melinda Lewis and Mrs. Lu Ann Watson supervised the staff as they carried out their assigned tasks. "Yearbook is an unconventional class because it requires students to work to meet specific deadlines," Mrs. Watson said. "Everyone must discipline themselves to get their layouts finished over a period of time even though a deadline may seem distant."

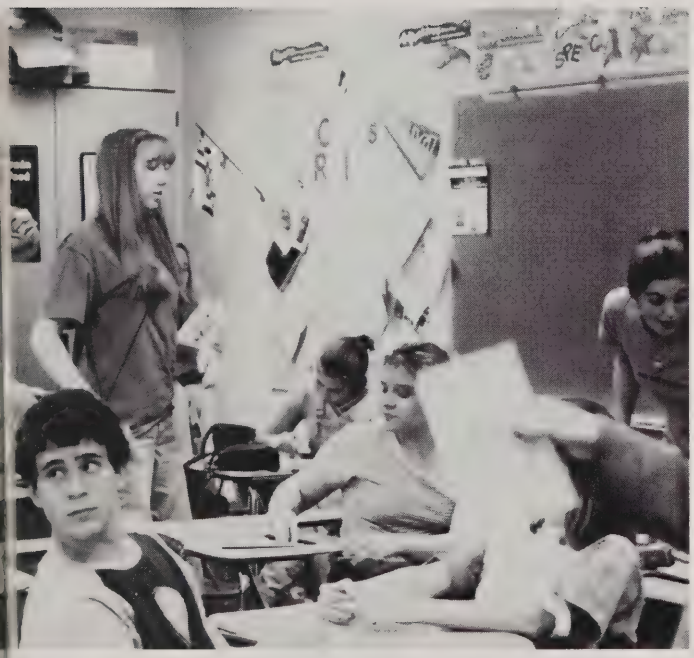
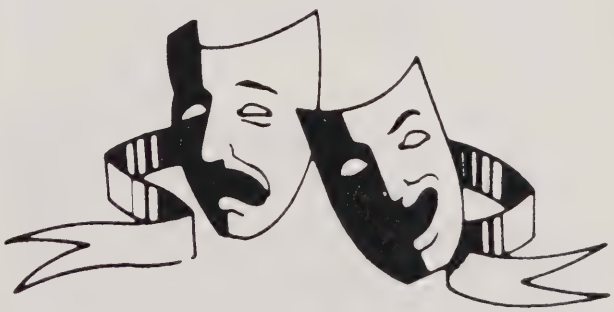
Video Yearbook

Technology has impacted almost every aspect of our lives, even yearbooks. At NHS, not only can students purchase a traditional yearbook, but a video yearbook is also available. Mr. Price has overseen the production of this "publication" for years. Throughout the year, the members of the Video Yearbook Club try to capture on film what made the 1998-1999 school year unique.

Theater Club

Busy as can be, the Theatre Club has been rehearsing a children's play to present for elementary schools at the Garrett Arts Festival. With the club schedule changing, all the snow days, and people being unable to stay after school, it has been difficult for the club to have everyone together for practice. Mrs. Derlan thinks that the students have been working hard and are doing an excellent job. They also help with the school's spring play. To observe others in action, they are planning a trip to see a production at Frostburg State or Mountaintop Play House. The students involved in theatre enjoy making others laugh and smile, and they do a great job at it.





Janelle Sines, Brian Frazee, and Amanda Mayle busily make preparation for the next theater production.

National Honor Society

This year the National Honor Society strived to meet their many goals and provide the students with responsible leaders. Selected times were chosen to have meetings in Mrs. Yunker's room where they discussed issues directly involving NHS. Goals they have set for Northern High School involved such things as keeping the grade point average to an 89% or higher. Members of the National Honor Society had to meet certain requirements to be chosen. These included demonstrating community activity in one way or another or being involved in a church youth group. Other criteria included having awards and recognitions to show leadership.Officers were self-nominated so that they are truly motivated to do the job correctly. Juniors and Seniors that become new members must go through a spring "induction" or initiation where they are given the chance to sign their name into the Northern High School record book containing all the names of past members of the National Honor Society. Jackie Brenneman was chosen as the 1998/1999 National Honor Society President and Ann Sebold was chosen to be the vice president. "It has been quite an honor to be a member of the National Honor Society," Ann Sebold said, " and I hope to be able to carry over my experiences to West Virginia Wesleyan's Honor Society."

MOCK TRIAL

This year Northern had two Mock Trial teams: Blue and Gold. The case that was presented this year was about a young person named Jackie Lee, who had recently bombed the town library. The defense, on Jackie's behalf, tried to get the jurisdiction of the adult court to be waived and for Jackie to go to the Department of Juvenile Services. The prosecution moved for Jackie to be tried in the adult court system. The Blue Team consisted of seven members. The lawyers were Barbara Hall, Aaron Wilhelm, and Andy Fike. Serving as witness were Amanda Nazelrod, Amanda Kamp, and Heather Browning. Mrs. Wiseman was the coach for the Blue team, and Mr. Ables was the coach of the Gold Team. The members included Jessica Nixon, Ann Sebold, and Chad Lipscomb as lawyers. The witnesses were Jamie Grove, Angie House, and Brandon Hoover. Serving as substitutes were Phillip Uphold and Erin Neil. When the season was over, the Gold Team came out in 3rd place in the curcuit, only losing three competitions. The Blue Team did not win any trials, and tied for last place. Both teams, however, came out with yet another year of Mock Trial experience.

Working Together

The student body at NHS is diverse, yet we all manage to work and live together in a big community. And with the year coming to a rapid end, we can look around and be proud of the accomplishments we have made. The band successfully ended their season with a winning record. All of the athletic teams have gone into and come out of their seasons with their heads held high, representing Northern High School with much dignity. And everyday, we have greeted our classmates with a friendly smile, appreciating the "little things" we do for each other. And if it were not for the teachers, we could kiss our futures and education goodbye. And now, today, we can look forward to the future and the rapid pace in which we approach it, and kiss 1999 goodbye!

MARYLAND

Thank You

Mrs. Vonda Yunker is a woman of dedication in every aspect of her life. She has spent countless years teaching and coaching young students, mothering two children, and being a devoted wife to her husband, Mr. Robert Yunker. She has made a difference in thousands of lives, preparing students for their future and sending them off in the right direction. We at NHS are in utmost debt to this woman for the confidence and encouragement she has given us. She is a true leader in everything she does. Her sense of humor, intelligence, strong will, and endearment are what makes her who she is. NHS student body and staff would like to thank Mrs. Yunker for being an enthusiastic and dedicated teacher. We wish you the best of luck with your retirement!

Easy come, easy go! Each and every year a yearbook is designed, completed, and delivered. In order to do this, money needs to be raised. Students go through the hassle of working to pay for athletics, dances, class trips and fundraisers. For a yearbook to be produced, money has to be raised through advertisers. Our advertisers are very supportive and provide approximately fifty percent of the funds needed for production. Yearbook money comes easy through advertisers, and goes just as easy through production.

It seems like only yesterday that you entered Route 40 as a shy kid in kindergarten. Now you're off to face the world as a man. Where did the years go? Where will the future take you? Wherever it is, our love goes with you!
Dad, Mom, and Andi

Dear Jeff,
The years have passed so quickly, and you have become a fine young man. We will miss all of the football and baseball games we have shared with you over the years. And now as in baseball, another inning of your life is just beginning. Best of luck in your future adventures. We are very proud of you. Just remember, "We love you!"

How do you say goodbye?

How do you say goodbye to one of the friendliest, most respectful principals? Well, it won't be easy, but when Mr. Martin Green leaves his position this year it will be a day of honor and excitement with a horizon of new opportunities.

Mr. Martin Green, principal for the last six years, will leave that office July 1 to assume responsibilities as director of secondary education for the Garrett County Board of Education. Employed by the GCBOE since 1975, Mr. Green has held a number of teaching and administrative jobs at both the middle and high school levels. The transition from the classroom to school administration has allowed Mr. Green to handle different challenges and responsibilities, but remain in daily contact with students.

It is true that NHS will definitely not be the same without Mr. Green's cheery face. We will miss his daily greeting in the front lobby. He is definitely a man we can look up to for the responsibility and recognition that he holds. We wish you the best of luck Mr. Green with your new job and all your future challenges!

Mr. Green made such an adorable little boy. It goes without saying that this little boy was going to grow up to be a dignified man in the education field.

Mr. Green is not only dedicated to his career, but his family also plays a big role in his life. Here he is pictured with his daughter, Andrea, and his son, Jeremy. His wife is taking the picture.
